Zendaya and Tom Holland have been a couple from years and they confirmed their relationship in 2021. However, the celebrity pair kept most of their relationship very private and web fans have always been curious to know more about relationship. Recently, stylist Law Roach said that the couple had got married quietly.

Law Roach, who is Zendaya's longtime stylist and friend, appeared to suggest that Zendaya and Tom Holland's wedding had "already happened" during an interview on the red carpet at the recent Actor Awards event held on March 1.

The longtime stylist had previously mentioned that Zendaya could be a "secret bride" whenever she and Tom Holland decided to get married.

Two weeks ago, Zendaya was seen wearing a gold band on her left ring finger. Although she wore the delicate gold band in place of the engagement ring, it appears as if it will complement the engagement ring if and when she wears both the rings together.

The gold ring appears to be different from her engagement ring. Zendaya and Tom Holland were engaged in December 2024 as reported by CWEB Celebrity News. The news agency had reported that Paris Jewelry described her engagement ring as a cushion cut diamond ring that could be around 5 carats.

Neither Zendaya nor Tom Holland have confirmed that they are married. However, they have often spoken about how lucky they were to have found each other while continuing to maintain privacy in their relationship.

Zendaya's mother Claire Stoermer reposted the clip of the 47-year old stylist Roach on her Instagram Stories the next day. She added the caption, "The laugh..." and added a laughing emoji on Monday, March 2.

Many web fans of Zendaya and Tom Holland would love to see wedding photos of the celebrity couple but are also aware that the couple likes to keep their relationship private. So, they are happy that their favorite stars are married and will wait for them to post photos of their wedding.
