Celebrity Sydney Sweeney recently launched a lingerie line and CWEB analysts say that it could make her a multimillionaire as the brand is gaining popularity driven by her bombshell looks and appearance. Euphoria and White Lotus actress Sweeney has become successful at a young age with her savvy branding and her talent.

Celebrity Sydney Sweeney has recently starred in Anyone But You that was a huge box office success. Her career has been on the rise as she is considered to be versatile while playing roles in both emotional dramas as well as romantic comedies.

The Prime Time Emmy Award nominee refuses to rest on her laurels and has embarked on a business career as well. Sydney Sweeney introduced a lingerie brand called SYRN earlier this year.

The American actress's January released brand focuses on comfort as well as various body types, including a 44 size range. The brand has inclusive sizing and had been developed considering all body types as she had personally struggled to find comfortable well-fitting bras.

The brand has several styles, including Starlet Halter Bra and String You Along Thong and most of the lingerie is priced under \$100. The brand has seen high demand and it appears as if apparel line will be a huge success.

Sydney Sweeney is the brand's creative lead and has got huge financial backing from Coatue Management. This fund has received capital from Amazon founder, Jeff Bezos and Dell founder, Michael Dell.

Sydney Sweeney continues to act in upcoming movies and is a favourite in Hollywood as well as among web fans for her pretty looks, voluptuous figure, and acting chops.

CWEB analysts think that her new apparel and lingerie brand will add hundreds of millions of dollars to her revenues, and she might even give reality star Kim Kardashian a run for her money as her SKIMS brand has helped Kim to become a billionaire.
